

Scope update January 2022

Chorus: Uniclass Australia

Libraries of pre-written specification clauses and guidance are authored by our Australian-based specialist team. Content is arranged by project management, roles and systems, covering a multidisciplinary scope, which means that an accurate specification can be written in less time, avoiding the risk of duplicated or conflicting clauses.

NBS Chorus covers the specific systems and the performance, products, execution, completion and verification clauses that are required by the following groupings.

Project management sections (30)

Code	Title
PM_10	Project information (2)
PM_10_10	Project
PM_10_20	Client requirements
PM_30	Site, ground and environmental information (4)
PM_30_10	Site survey information
PM_30_20	Ground investigation reports
PM_30_30	Environmental information
PM_30_40	Hazardous substances information
PM_35	Whole project performance (7)
PM_35_10	Quality and operational properties performance requirements
PM_35_20	Structural performance requirements
PM_35_30	Fire performance requirements
PM_35_40	Environment and sustainability performance requirements
PM_35_50	Safety performance requirements
PM_35_60	Acoustic performance requirements
PM_35_70	Energy performance requirements
PM_40	Design and approvals information (3)
PM_40_30	Design information
PM_40_50	Project information management information
PM_40_60	Project information management information

Code	Title
PM_50	Financial and commercial information (1)
PM_50_50	Procurement and tendering information
PM_60	Construction management information (8)
PM_60_10	Site information
PM_60_20	Project requirements
PM_60_30	Contract programme and progress
PM_60_40	Meetings and records
PM_60_50	Contract cost management
PM_60_60	Contract support information
PM_60_70	Construction risk management
PM_60_90	Contract quality standards information
PM_70	Testing, commissioning and completion information (4)
PM_70_15	Compliance and certification documents
PM_70_80	Commissioning information
PM_70_85	Completion information
