

Scope of NBS Chorus content for Uniclass 2015 – UK content

Libraries of pre-written specification clauses, guidance and manufacturer product information are written by our multi-disciplinary specialist team. Content is arranged by systems, covering multi-discipline content, which means that an accurate specification can be written in less time, avoiding the risk of duplicated or conflicting content.

NBS Chorus covers the specific systems and the performance, products, execution and system completion clauses that are required by the following groupings.

For a full list of every individual system type within these groupings please call or email.

📞 0345 456 9594
